My dear Maria,

I thank you very sincerely for the congratulations and good wishes you sent me on my country's attainment of nationhood. I also thank the D.C. I am confident that with God's help and blessing Ghana will soon take a respectable place among the other nations of the world.

There are many difficulties to be overcome yet. But I am sure that by hard work we will succeed.

It was indeed a day of great joy to all of us here. Thom. happened to be in Ghana during the celebrations and he saw a lot for himself before leaving for the Belgian Congo. He was very happy here. He visited the group in Kumasi.

the very day he arrived. I met him at the air port with our chaplain. You could imagine my joy when I met Thom. We had a meeting at which he was present. After the meeting we had a little party.

Our committee met him the next day and discussed the African Seminar with him.

I am sure the Seminar is going to be very successful. We are doing our best here to make it so.

Fundação Cuidar o Futuro  
Participance in organizing the Seminar is doing us a great service; for this is a fine chance of helping us in our spiritual, social and cultural formations.

The theme of the Seminar and the topics for discussion are very appropriate. We have already given to Thom a list of suitable people who can treat them well.

Will you attend the Seminar?  
I wish you would.

Pax Romana can do us a great service by sending us some books.

We have started a library and we need some few books.

Our Principal who is a Catholic gave us sixty books to start the library. We have bought more ourselves and still we will be very pleased to get a few more. We would like books on religion, politics, novel and any thing at all.

I got your X'mas card and I thank you very much for it. Extend my thanks and good wishes to Theresa Emilia, <sup>Franciscans</sup> and all members of your federation.

I was very glad to see that your country sent a delegation to our independence celebrations. In all sixty eight countries sent delegation to Ghana. Students of the University acted as aide-de-camps to them. I happened to be the aide-de-camp to the Papal envoy, Archbishop Kniaz. hoping you are enjoying the best of your life yours in Christ John.
