Re: Case-studies in Ecumenical Encounter

Dear Friends,

You will remember that it was voted at our meeting at Cartigny that case-studies would be sought from various sources of concrete grass-roots ecumenical experiences which would then be put together into a study paper to stimulate group discussion.

The above sub-committee met on 28 January and drew up the enclosed "guide-lines" and covering letter. These have been approved by our group of four and are ready for your approval and for your use. We need your prompt cooperation in sending us names, or still better by sending these out yourself to individuals or groups from whom you think case-studies may be solicited. We enclose five copies for your convenience.

We would like material from as wide a range of countries and situations as possible. Hence we are suggesting you try to think of individuals in the following countries:

Argentina (Isabel + Co.)	Korea
Cameroun	Madagascar
Ceylon (Tissa Bal.)	Mauritius
Czechoslovakia (Broz)	Netherlands
Greece	Switzerland
Great Britain	Tanzania (Lony + Imelda)

If, however, you have contacts in other countries, feel free to write wherever you wish. Our one desire is to gather as many cases as rapidly as possible. Thank you in advance for your cooperation.
