Dear Premier Pintoasilgo — *signature*

I want to tell you how much I enjoyed my visit with you when the Hawaii and California delegations visited your beautiful home on October 30<sup>th</sup>.

The movies I took of you and the others turned out very well and will make a Souvenir of our visit.

 I thank you very much for the beautiful book you gave me on Palaces and Castles of Portugal. This 2 volume will make a valuable treasured addition to my library. It was with great interest that we read of the elections. It is unfortunate that it seems that there will be

Another premier appointed.  
We think you are just the  
person to be in that position.

I wish you well in your  
future endeavors and do  
hope that someday I may have  
the pleasure of having you  
visit me in Hawaii.

Sincerely  
Edna Robello Ryan
