

30 - VIII 1st August 1979

-49

Dear Excellenza,

By this way I want to express, that I'm very happy about your designment. I hope very much that in your leading roll you will enforce activities for liberation of all female citizens. You are a brilliant example for strength and capacity for women in Portugal as well as in all other parts of The world. The phenomenon that's called <machismo ibérico> perhaps could be cut back. -

Yours sincerely:
Umgard Bauer
