Dear Miss Maria de Lourdes Penhas 1/50.

How thrilled I was to read that a woman is now the head of our oldest club. Of my beloved Portugal. We also have as you are an one a head of government who is a woman in Mrs Thatcher importantly as I am a loyal Socialist I could not have wished a waver fate on my Country & its people.

My husband & I come to the

algave every September for our 2 week holiday & will be coming again on the 4<sup>th</sup> Sep, if you are in this area at all during this period I would love to meet you.

However may I wish you as one woman to another speed success & hope that the hard economic times ahead that you state will not be too hard on my beloved Portugal

Yours E. Palmer (Mrs)
