

Dear Maria

Hope you are fine with the new responsibilities entrusted to you. God only knows how happy I felt when I read the "good news" in the paper, Baghdad Observer, then they showed it on T.V. well right from the start I meant to write to you & I went around spreading the good news amongst all those who knew you in Baghdad, including the Syrian Catholic Bishop (you remember him, don't you?). I am sure you are going to forgive me for this terrible delay when you know the reason was that I was busy getting married. Well I did get married to an Irish man & we are living in London now. My address is || Mrs. S. Byrne  
65 Netherwood Rd.  
West Kensington  
W. 14 London  
If we move to another place, I'll let you know. If you come to London please come to my house, you are welcome at any time. Say hello to Teresa for me. Love & best wishes Sahira

N.B.

sorry I had to put  
Teresa's address too as I don't  
have but your Paris one.

Though I wrote (Prime Minister of Portugal)  
I thought the post man might not  
know English. Hope you understand

Thank you.

Love from  
Salira
