MESSAGE OF GOODWILL.

"Clever, wise, fool & stupid."

A fool may give a wise man counsel. -Herbert Spencer- "A fool must now and then be right by chance." -Horace- "Clever people often miss their mark." -Hermann Sundermann- "Wise men learn more from fools than fools from wise men." -Gato- "Concern yourself not about your being unwise, but about your being insincere." -Ling Yu-an- "No one is wise all times." -Pliny- "The fool doth think he is wise, but the wise man knows himself to be a fool." -Shakespeare- "The wise are free from perplexities; the virtuous from anxiety; and the bold from fear." -Confucius- "Better to be a fool than a knave." -Goethe- "He who thinks himself wise, O Heaven! is a great fool." -F. Bacon- "It is great cleverness to know how to conceal our cleverness." -F. Bacon- "The greatest cleverness appears like stupidity; the greatest eloquence seems like stuttering." -Laotze- "He who asks a question is a fool for five minutes; he who does not ask a question remains a fool forever." -Chinese proverb- "The surest way to be cheated is to think oneself cleverer than other people." -Rochefoucauld- "A fool always comes short of his reckoning." -E. Burke- "A wise man changes his mind sometimes, a fool never." -Swift- "The more riches a fool has, the greater fool he is." -Swift- "Thinking well is wise; planning well is wiser; doing well wisest and best of all." -M. Aurelius-

In the trade, exchange, markets, most of the wealthy merchants working overtime but the middle-class people take it easy and really enjoy themselves. The employed and the employer, the fool and wise are conflict in thinking but their view points are reasonable in their own position. We can't say who is wrong or right. World is a place living fool and wise mixing together. Being as a faithful fool in Hong Kong, I can't submit the wiser suggestions to my friends. Even some of my suggestions are found funny or foolish but I do it in good faith and to the best of my limited knowledge. When getting old over 70, we really thought we are fools when reviewing back our funny deeds, actions in the past. And ask ourselves, "Why? What? How?"

Please correct me when your finding my ideas are funny and wrong.

Your comments appreciated.

With kind regards and best wishes.

Yours sincerely,
