Dear Maria:

I was thrilled to read of your appointment by the President, Antonio Ramalho Eanes, as Prime Minister-designate of Portugal.

I recall the times when you presided over the Directing Committee of I.M.C.S. when I was first a candidate to the D.C. and subsequently a member.

I have now settled down in India and practise in Bombay but we have continued our contacts in Goa from which we originally come.

Please accept my humble congratulations and prayers for the success of your stewardship of Portugal. God bless you.

With best wishes and kindest regards,

Yours sincerely,

Chicot
