

A dark, textured illustration of a night landscape. The background is a deep, dark brown with a fine, grainy texture. In the upper center, a large, pale, circular moon is visible. To the left, there are several tall, thin plants with small, round, purple or pinkish flowers. In the foreground, a large, smooth, brownish mound or hill rises. On this mound, three spotted deer are depicted. One is lying down on the left, another is standing in the center, and a third is lying down on the right. The deer have light brown bodies with dark spots. To the right of the mound, there are more plants, including some with round, green fruits. The overall scene is a serene, nocturnal setting.
