- pitfalls of political pluralism or discouragement of the groups who hoped for change / economic difficulties
- external debt caused by the aggregated demands on social rights
- pressures from super-powers (new zone of influence)

3. the new mechanisms / new actors

- politics as a task of everyone
- politics as an everyday task

necessary framework:

- parity of all kinds of rights
- social dynamism (social movements)
- definition of issues + actors
- leaderships

Fundação Cuidar o Futuro

II. Challenges of the internal process of democracy anywhere in the world:

1. status acquired by social, economic + cultural rights + difficulties of welfare state,
new shape for political democracy
2. to manage an economy of scarcity
3. to encompass, in a institutionalized way, new issues + new actors (to define them, to give them political space)
4. $m - \bar{m}$
5. leadership as management of complexity systems } ^{technicism} fundamentalism ideology

III. The external challenges or the solidary causes:

1. The environment
2. The economic system
3. The security worldwide
