Dear Maria,

I just wanted to say thank you once again for an absolutely wonderful evening on Sunday.

I can well understand why you love your house so much and why your friends share your enthusiasm. It was a real privilege to visit your home and meet them for such a very memorable and thought-provoking evening.

As promised, here is the tape of my political diary. I hope you will enjoy it, if ever you get the time on a long journey to listen to it.

Your ever,
Shirley
