Dear Audrey,

If you recall, I attended the Church Women United Seminar at Grailville last August. I had hoped to return this summer with two of my nieces.

However, I am going to Europe with my sister who belongs to the Daughters of the Heart of Mary. Through an English friend I learned of a Conference at the Tiltenberg Grail beginning September 9th.

We are both deeply interested in the subject "Men and Women working together in the Church."

However, we are not linguists having only a reading knowledge - we could not participate in a discussion in a foreign language.

I would appreciate your opinion.

Sincerely,

P.S. If we could not be accommodated at the Grail - would there be some place close by.
