Dear Secretary,

I read in one of your leaflets that the Grail International Centre has organized during Summer 1968 among other talks a discussion on the topic: "Cooperation of men and women".

I would be very glad and grateful if you could send me some notes or minutes on that discussion, or other material you may have on this subject.

Pro Mundi Vita, preparing a note on this topic, is interested in gathering all available material dealing with this problem.

Thanking you very much in advance, I beg to remain,

Sincerely Yours,

  
J. Kerkhofs S.J.,  
General Secretary
