Dear Maria,

As you undoubtedly could tell, everyone here was completely delighted with your visit to the University of Maryland. People are still talking about it with excitement. We hope that sometime soon you can plan to visit us again and spend more time here.

Everyone who missed the Salon was disappointed, particularly because you talked about different issues at the University and the Salon. I tell them "Next time, next time."

I am enclosing a check for \$100, which is an installment on the \$200 honorarium and \$80 expenses. The rest will be sent as soon as it arrives. Since the funds come from different departmental budgets, the checks will be issued separately.

Fundação Cuidar o Futuro

I am trying to get much of my summer work done, since I have been invited by the Tunisian Government to go to Tunis to help design a research institute, much like the National Academy of Science. It sounds very challenging and exciting. I expect to be there for four weeks this summer, if everything works out properly.

It was wonderful to see and talk with you again. Do keep in touch and let me know when you are coming to the States again. What did you do about the Harvard offer? Did you suggest 3 months instead of a year? Do keep me posted.

Cordially,

Jean
