LE DIRECTEUR GÉNÉRAL

Dear Ms. de Lourdes Pintassilgo,

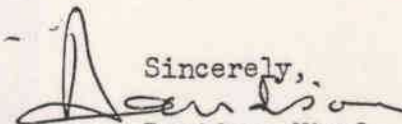

I would like to extend my deep appreciation for your prominent participation in the UNITAR seminar, "Creative Women in Changing Societies" which was held 9-13 July 1980 in Oslo, Norway. Your expertise and thoughtful contribution greatly enhanced its proceedings. I hope that the fruitful exchange of ideas and experiences which took place at the seminar will serve to strengthen your own very important work toward female equality.

We are currently in the process of preparing the seminar proceedings and the background papers prepared for the seminar by its participants for publication.

As I have not to date received your manuscript, would you please forward it to UNITAR at your earliest convenience to ensure that your valuable contribution is included in the forthcoming publication.

Best wishes,
