Dear Prime Minister,

Thank you for attending  
our UNCTAD Conference in  
Oslo. We hope that you  
will be able to contribute  
an essay to the Collection.

I was grateful for  
the few words you took  
the trouble to say to me  
at a certain stage in Oslo.

Later when I went to  
Copenhagen I heard for  
the first time, that  
Mrs Chesler had made  
certain completely untrue  
& hysterical remarks

not entertain.

My only disappointment was that none of the participants who were present when she made her remarks had enough confidence in me to approach me immediately to confront her. It was only in Copenhagen that I heard of these monstrous statements from a third party. Of course I saw

Mrs Chester immediately  
I threatened a law suit  
if within three hours  
she had not produced  
a written apology &  
retraction. I am enclosing  
this. I am not satisfied  
completely with it as it  
does not include <sup>her</sup> allegations  
- she informs me that she is  
afraid it may be used as

evidence in a lawsuit  
against her.

In spite of this  
ridiculous episode, I  
learned in Copenhagen that  
many friends spoke  
highly of the Oslo Conference.

I am glad you were there

Yours sincerely  
Dorison Nicol
