Dear Dr. Pintasilgo:

It was very kind of you to have spared your time for the staff members of the Tokyo Colloquium's Secretariat when you must be very tired after a long flight -- when you need rest in preparation for a very important gathering. I am very grateful for your kind consideration.

I have been informed that we could take your letter of March 26 as the formal acceptance of our invitation and I am very grateful for your positive decision.

In this letter, I would like to bring you up to date on matters related to the international round table. Please allow me to itemize the matters for the sake of ensuring accuracy.

- . The international round table on "Europe and Japan -- Prospects for the Future" will be held at the Paris Bureau of the Council of Europe (55 avenue Kleber, Paris, 75016 Paris).
- . The hotel where you will be staying in Paris as the guest of the Tokyo Colloquium is Hotel Meridien Paris (address: 81, Blvd. Gouvion St. Cyr., 75017 Paris) (tel: 475-81230). Your reservations for four-night and five days start on Monday, September 22.
- . The outline format of the meeting is as explained in the enclosed sheet. You will find information given in the sheet is still very incomplete. We nevertheless are sending it to you so that you can have some rough idea of the agenda.
- . The Planning Committee would be very grateful if you

find it agreeable to prepare your paper (eight pages, double-spaced) in connection with Session IV -- the session on "Towards the 21st Century -- Images of the Future."

- Please find enclosed the guidelines prepared by Professor Miyohai Shinohara, moderator of the session, for papers to be written in connection with Session IV.
- You are free to use a title of your own choice for your paper as long as it is within the framework of Session IV.
- It is the earnest hope of the Secretariat that you will kindly send out your paper so that it will reach us by the end of July at the latest. For one thing, we need time for translation into Japanese and for another, the Secretariat is planning to send copies of the papers to the participants for advance reading.
- ✓ It would be very much appreciated if you will have your secretary fill out the enclosed blank personal history form and have her send the filled-out form back to us at the earliest date possible.

Thank you again for your kind cooperation in Tokyo.
