

Introduction : the role of women as a convergence of many different factors

- need for their correlation
- dangers of overstressing only one angle
- impossibility of a static definition of the role of woman
- obviously, seen  a wide scope, as "un-moi-avec-autrui-au monde" (need to have always in mind the masculine features and beyond them, human nature (i.e. all its unity).)

A factual description of the
situation of women in the
world

- the growing interest for the whole question
- its meaning for the fashioning of a new world
- by women's ~~big~~ associations
- Some features:
 - women + labor force
 - " + education
 - " + politics
 - " + other organized forms of activity in the community

The Ministry of women in the Church

- the charismatic role
- the 3 functions of the Church
- special role played by women in the life of the Church
 - priestly
 - prophetic
 - royal
- ~~Connections~~ Expressions of each role in the Bible

Women in the next generation
(looking ahead with literature)

- importance of literature in the definition of woman's situation in life
- some relevant studies on the subject
- examples of what can be drawn out of such studies

Psycho-somatic features of woman (developments in this field)

- the phenomenological approach (its validity and limitations) (Eskiu, Buytendijk)
- relevant aspects of such approach
- "ambivalence" of this approach
- interest for the lay apostolate:
 - training of women
 - communal action of women

The Grail and "The woman"⁴

- the vision of P.O.G.
- the uniqueness of the Grail is the lay apostolate because of this vision
- main implications of such vision for the daily life (individual and communal) of the Grail members

A theology of woman?
(current research on the
subject)

- meaning of that expression
- the philosophical basis
- the Revelation
- the first centuries
