1. The movement towards democracy

- 1.1. Born from the desire of the people ~~with background of~~ + from the political conditionality
- 1.2. Basic ingredients of democracy
- 1.3. Global interdependence - demanding that at the world level there will be democracy

2. Democracy + development

- 2.1. Human rights of two types : their interdependence
- 2.2. Unsatisfaction of basic needs as a threat to democracy
- 2.3. The dilemmas of foreign investment + the

3. Pluralism + elections

4. Consensus - building

# Africa's contribution

- ideas imposed on Africa

Definet: what conditions by which you call it democracy?

Schumpeter → perverse influence

"political method

to arrive at political, legislative + admin. decisions"

∴ competition for leadership

as basic condition of democracy,  
without any ethic basis or defining goals

- a social class in all power centers  
+ ~~was~~ continuous interplay private/public

- W society omits the idea of justice,

very important for the Efficient Society

poverty / ignorance / disease → restricted freedom

negative freedom from disabilities

- re-distributive measures don't flow automatically  
from the economic system

- equality is bound up with freedom

- responsibility for other people's welfare

- ← forces preventing freedom?

- people dec. vs. authoritarianism  
↳ equitable decisions

- need for a viable middle-class

# African philosophy of democracy

- gov system, chairman  
  reformation of all kinds of parties  
  decisions taken at one level  
  can be corrected at subnational level.  
  (only to make  
  while we had only their own structures.
- ind, collect, & cooperative system
