

- Summit is the draft declaration:
  - places h person at the center;
  - affirms democracy as the necessary political frame
  - gives to economy its role of means + not of goals
  - establishes the link with future generations
  - + with NGO.

- Agst poverty:
  - specific national strategies with targets + well-known measures

- Agst unemployment:
  - search for "productive" jobs

- 2 chinas to world of 75 on top of today's world

→ Everything has to change: do they know?

- New social contract:
  - gender contract
  - natural contract

Fundação Cuidar o Futuro

- Gender contract:
  - end of patriarchal practices / end of discrimination ∴ equal access
  - work | : { "informal sector" — ♀ } > new perspective on work (no "full employment")
  - { "active society" — ♀ }
  - poverty: empowerment of ♀ (education, health, water, sanitation,)

20/20 proposal

→ to give \$ figures to commitments  
 \ to start negotiating

What about social economies?

• natural contract

- beginning of taking nature into account
- choice of technologies  
product. & wastes  
require/ of marketing

∴ price-formation  
fiscal charges  
patterns of consumption

- what about social economics?  
what about the

• social security scheme?

- eg. land reform
- \* access to land from widows, ...
