Subject: ICPD: Request to Address the Conference

Following on from our recent telephone discussion I am pleased to advise that the UN Secretariat section dealing with the speakers list for the Conference has placed the Commission as 16th speaker on the afternoon of Wednesday 7 September. (le 7)

As there may be some adjustments required to this list, we would ask that your representative make contact with the Secretariat upon their arrival in Cairo. You should aim for the speaker's speech as delivered to be no more than seven minutes
