

# Democracy, politics + women

1. Democracy minus women - was it democracy?

- the fact
- w̄ feel as a group with recent access to democratic institutions

Consequences:

- women see things as they are when they join the democratic process
- w̄ are feared because their presence is disturbing

2. Politics as men's vision of democracy

- the civic + political rights + institutions as the stronghold of men - public vs. private
- w̄'s traditional presence in politics through the sexual weapons

Consequences
