Dear

Thank you very much for your answer to the "Questionnaire on women's image". Your contribution widens the already great variety of situations and perceptions, thus enriching the whole. Together with a group of young women sociologists I am working with the answers — and I tell you that it is a fascinating work! The first draft of the "picture" will reach you later than expected because in some cases the questionnaires have still a second deadline, the 31st March.

I also want to tell you that the date of the Summer seminar is now decided: it will take place the 19th - 26th July, in France. I am very much interested in your presence and contribution. Thus, I urge you to consider the possibility of a trip to Europe so as to include our seminar. If you are interested and see that there is some possibility of your coming, please, let me know. You will then receive all the practical details. But I do count on you!

Looking forward to hear from you,

Yours cordially
